

Crime Locations

This section provides a breakdown of crime by the type of location in which the offence occurred. The location classifications are based on those used by the Australian Bureau of Statistics in compiling the *Recorded Crime - Victims, Australia* (Catalogue No. 4510.0). A crime location is defined as the initial site where a criminal incident occurred, classified by the primary function of that site where the site has more than one function. This definition may encompass any surrounding land, yard, car parking area, together with any other structures existing at the location.
